## Observance Of Highway Week Set

Harrison R. Baker of Pasadena has been named chairman of a statewide committee to direct activities in observance of National Highway Week in California. The observance is slated Sept. 18 through 24.

Baker said the average Californian's affinity to his automobile should make National Highway Week of prime interest in California.

A tenth of all registered vehicles in the nation are registered in California, Baker said, with Los Angeles County accounting for 3.5 million of the 10.4 million vehicles in California. Only five states have more registered vehicles than the county, he pointed out.

California's network of thoroughfares carried 96 billion miles of vehicle traffic last year, Baker said. "This is a fact that should impress our astronauts," he added, "for a space ship would have to make 500 round trips to the moon each day of the year just to equal it."

## Dominguez Area Drain Approved

Plans and specifications for a major Dominguez area storm drain have been approved by the County Board of Supervisors. Bids for the project will be opened Aug. 19. Award of the contract is expected about 10 days after bids are opened, according to Supervisor Kenneth Hahn. Estimated cost of the project, which involves construction of about a mile of concrete pipe and box storm drain conduit, is \$590,000. The drain will be routed in Avalon Boulevard from Victoria Street south to Del Amo Boulevard. A short section will run in

the Del Amo Boulevard right-of-way to connect with a previously built storm drain, according to Hahn. Storm waters will flow through the new drain into the Dominguez Channel. Plans for the project, which will be financed by the County Road Department, were drawn by a Los Angeles engineering firm under a contract with the county. Construction will be supervised by the Flood Control District. Work is expected to begin in September. Completion is scheduled seven months after the start of construction.
